

**International Foundation for Research in Paraplegia - IRP**  
Internationale Stiftung für Forschung in Paraplegie  
Fondation internationale pour la recherche en paraplégie

The IRP Foundation invites applications for

## **IRP/IFP Research Grants**

in the field of

### **Basic and Clinical Research on CNS Regeneration / Neuroprotection and Functional Restoration**

with special emphasis on the spinal cord.

Funds for one or two years will be allocated up to **75'000 Swiss Francs** for one year, **150'000 Swiss Francs** for two years on the basis of scientific quality and relevance to paraplegia for research proposals studying mechanisms of injury and repair, as well as long term recovery.

Applications from start up groups are welcome.

The IRP Foundation will also award one **IRP/IFP Fellowship** for up to two years to support post-doctoral research in paraplegia (see details on website [www.irp.ch](http://www.irp.ch)).

Applications will be reviewed by an international panel of basic and clinical neuroscientists of the IRP/IFP research council.

Deadline for applications: **October 31, 2012**

Please use the corresponding online form to submit your application on our website: [www.irp.ch](http://www.irp.ch)

For more information please contact email: [info@irp-zh.ch](mailto:info@irp-zh.ch)
