## Welcome

Dear colleagues and friends,

On behalf of the Swiss Association of Young Neurologists (SAYN), it is our pleasure to announce the 15<sup>th</sup> SAYN Workshop. The workshop will take in the beautiful city of Basel. Because of the SFCNS congress instead of the SNS annual meeting and the availability of the Board, this year's autumn workshop will take place as a stand-alone event. However, the second part of the Neurology Board exam will take place on October 28 in Basel, which is why we chose place and date to enable those who are taking the Neurology Board exams to join us as well.

The SAYN workshops serve as a platform to discuss the most current and important aspects of Neurology training in Switzerland. As all SAYN events, the workshop additionally aims to connect neurology trainees across Switzerland.

We are looking forward to welcoming you in Basel soon.

SAYN President

David Schreier, MD, PhD

Local organisers

Tolga Dittrich, MD, and Jannis Müller, MD
